UK Community Renewal Fund

Invitation to Submit Project Bids

Introduction

North Lincolnshire Council is seeking bids from organisations wishing to deliver activity as part of the UK Community Renewal Fund.

Please read the UK Community Renewal Fund Prospectus and the UK Community Fund Technical Note for Project Applicants and Deliverers before starting work on a bid. They are available [here](#).

The Prospectus provides detailed information on the objectives of the Fund, the types of projects it intends to support and how it operates, including the process and selection criteria that will be used to assess bids.

Successful UK Community Renewal Fund bids will be for 2021/22 only and activity must end in March 2022.

Background

To help local areas prepare for the introduction of the UK Shared Prosperity Fund, the UK Government is providing funding in 2021/22 through the UK Community Renewal Fund. We are interested in bids that build on local insight and knowledge, and project proposals that align with long-term strategic plans for local growth, target people most in need and support community renewal. In addition, projects should show how they complement other national and local provision. A focus for this Fund is to support innovation and new ideas in these areas, investing in pilots that draw on local insights and which will help places to prepare for the introduction of the UK Shared Prosperity Fund in 2022.

North Lincolnshire Council has been designated as a lead authority by the UK Government. As a lead authority, North Lincolnshire Council is responsible for:

- issuing this invitation
- receiving bids
- selecting the bids that will be sent to UK Government for consideration
- paying grants to successful projects and managing their performance

Full details of the role of lead authorities can be found in the UK Community Renewal Fund Prospectus.

What type of bids are we looking for?

Projects must deliver activity that is line with the UK Community Renewal Fund Prospectus and align with at least one of these investment priorities:

- Investment in skills
- Investment for local business
- Investment in communities and place
- Supporting people into employment

There are no financial allocations to these priorities.

The UK Government anticipates supporting a range of projects by theme and size, but applicants are encouraged to maximise impact and deliverability through larger projects (£500,000+) where this is possible.

As 90% of funding available through the UK Community Renewal Fund is revenue funding and only available in 2021/22, projects should be predominantly, or exclusively revenue based. Projects that focus predominantly on the construction or major refurbishment of buildings, the purchase of land or the purchase of large pieces of equipment will not be supported.

Local Priorities

In selecting the bids that will be forwarded to the UK Government for consideration North Lincolnshire Council will prioritise the bids that have the greatest potential to deliver against key local priorities as set out in the following documents:

- [North Lincolnshire Council - Council Plan 2018 – 2021](#)
- [North Lincolnshire Economic Growth Plan](#)

Please refer to the document below for additional North Lincolnshire information:

- [North Lincolnshire Local Economic Assessment \(summary\)](#)

Proposals will be assessed on:

Geographic Coverage - projects should benefit the following places:

- North Lincolnshire (please see map below for geographic boundary)

How Bids Will be Assessed

Strategic fit

All proposed projects will be assessed against the following strategic fit considerations:

- Level of contribution to local needs articulated in relevant local plans and with evidence of local support
- Level of contribution to an investment priority
- The extent of contribution to net zero objectives, or wider environmental considerations (not applicable to employment support interventions)
- The extent to which the project can inform UK Shared Prosperity Fund through transferable learning or opportunity to scale up for local partners and UK government
- The extent to which the project demonstrates innovation in service delivery, through:
 - introducing new delivery approaches (for example, trialling new modes of delivery)
 - integrated approaches across policy themes or collaboration across more than one place

Deliverability, effectiveness, and efficiency

All proposed projects will be assessed against the following deliverability, effectiveness and efficiency considerations:

- That it can be delivered as proposed by March 2022 with realistic milestones identified

- Project risks have been identified and are adequately mitigated, including project-level management controls
- The applicant sets out an efficient mode of delivery, taking account of the level of innovation proposed and will operate at an appropriate scale. This shall include an assessment of value for money taking account of:
 - the level of contribution to programme outputs for funding sought
 - the amount of match funding or leverage proposed to maximise impact (not applicable to employment interventions)
- That the project would not proceed without funding or could only be delivered on a smaller scale
- An effective monitoring and evaluation strategy has been identified for the project

As the lead authority North Lincolnshire Council will assess all bids submitted. Bids will be assessed against:

- the gateway criteria set out in the UK Community Renewal Fund Prospectus – bids that fail to meet these criteria are ineligible support and will be rejected
- the extent to which they meet the objectives of UK Community Renewal Fund
- the extent to which bids would support the delivery of local growth and employment support priorities

Following assessment North Lincolnshire Council will submit those eligible bids which most strongly meet the UK Community Renewal Fund and local priorities to the UK Government for consideration, up to a maximum of £3m per place.

The UK Government will assess all bids submitted by lead authorities against the criteria set out in the UK Community Renewal Fund Prospectus.

The UK Government will announce the outcome of the assessment process from late July 2021 onwards.

North Lincolnshire Council will enter into a funding agreement with successful bidders.

Submitting a Bid

Bids must be submitted using the UK Community Renewal Fund Application Form, which is available [here](#). Bids submitted in any other format will not be accepted.

Bids must be submitted to North Lincolnshire Council using this email address: UKCRF@northlincs.gov.uk

Bids must be submitted by **12 noon on 7th May 2021**, this should be sufficient to enable potential applicants to develop a bid.

The UK Community Renewal Fund is a competitive process and North Lincolnshire Council and the UK Government will not enter into discussions with bidders.
